of every month during the Benefit Payout Period till the end of Policy Term.

All the monthly pay out transactions would be effected on date specific to policy anniversary date i.e. monthly anniversary.

You have the flexibility to receive the Guaranteed Income Benefit in 'Annual' frequency and consequently, the income will be payable at the beginning of each policy year during the Benefit Payout Period. The chosen Benefit Payout Frequency can be changed during the term of the policy and the same shall be applicable from the next policy anniversary.

For Benefit Payout Frequency of Annual mode, the Annual Guaranteed Income Benefit payable at the beginning of each year during the Benefit Payout Period will be

= $96\% \times 12 \times \text{Monthly Guaranteed Income Benefit}$.

2. Long Term Income:

On survival of the Life Insured till the end of Premium Payment Term, a Guaranteed Income Benefit as a pre-defined percentage of Sum Assured, will be payable to You at the end of each policy year during the chosen Benefit Payout Period. For both Long term Income & Whole Life Income Options:

You have the option to receive the Guaranteed Income Benefit in 'Monthly' frequency and consequently, the income will become payable at the end of every policy month. The chosen Benefit Payout Frequency can be changed during the term of the policy and the same shall be applicable from the next policy anniversary.

For Benefit Payout Frequency of Monthly mode, Monthly Guaranteed Income Benefit payable at the end of each month during the Benefit Payout Period

= $96\% \times 1/12 \times \text{Annual Guaranteed Income Benefit}$.

The percentages above for all Benefit Options has been calculated using a discount rate of 8%. The Company may revise these factors based on the then prevailing market conditions and subject to prior IRDAI approval.

On survival of the Life Insured till the end of the Policy Term provided the Policy is in-force and all due Installment Premiums under the Policy have been paid, the following will be payable:

Maturity Benefit

- Accrued Paid Up Additions (if any)
- Terminal bonus (if any)

Under 'Whole Life Income' Benefit Option, in addition to the above, Sum Assured will be payable at the end of the Policy Term.

Bonus

Paid Up Additions

- The Company will distribute future profits (if any), by declaring bonuses in the form of Paid Up Additions every year, which will be expressed as a percentage of the Sum Assured, every Policy Year, starting from the end of the first Policy Year.
- Paid Up Additions (if any) will accrue into Your policy every year and shall not participate in future bonuses. Accrued Paid Up Additions

(if any) shall be payable (net of withdrawn Paid Up Additions) on the earlier of death of the Life Insured or Maturity Date.

- In case of surrender of policy, the Surrender Value of all accrued Paid Up Additions (If any) shall be payable to You.
- At any time during the Policy Term, You shall have the flexibility to partially/fully withdraw the accrued Paid Up Additions, (if any) without surrendering Your Policy, in which case the Cash Value of the withdrawn Paid Up Additions, (if any) shall be payable.
- The minimum Cash Value of withdrawn Paid Up Additions, (if any) shall not be less than Rs 1,000. The remaining Paid Up Additions (if any) will continue to remain accrued under Your Policy. Please note that this withdrawal option will not be allowed in case the Policy is in Reduced Paid-up Mode.
- You may also utilise the Paid Up Additions (if any) declared each year starting from the end of first Policy Year, by electing the **Cash Value of Paid Up Additions** bonus utilization option instead of the default Paid Up Addition, either at inception of Your Policy or anytime during the Policy Term
- The Cash Value of the Paid Up Additions, (if any) will be determined based on a Cash Value factor for Paid Up Additions. Please note that these factors are fixed, but may be revised by Us, subject to approval from IRDAI.

For example:

Life Insured Age: 35 years, Benefit Option: Short Term Income, Premium Payment Term: 10 years, Policy Term: 20 years, Bonus Utilization Option: Cash Value of Paid Up Additions
Sum Assured: Rs. 10,09,800

In the first Policy Year, ABSLI declares Paid Up Additions of 43 per 1000 Sum Assured, applicable on Policy Anniversary.

- Paid Up Additions at the first Policy anniversary = Rs. $(43/1000) \times 10,09,800 = \text{Rs. } 43,421.40$ (A)
 - Cash Value Factor based on outstanding term to maturity (here, 19 years) = 23% (B)
 - Amount to be paid = Cash Value of Paid Up Additions = $(A) \times (B) = \text{Rs. } 43,421.40 \times 23\%$
 - Amount payable to You as Cash Value of Paid Up Additions for the first Policy Year = Rs. 9,987.
- You can change the bonus utilization option anytime during the Policy Term by giving Us a written request at least 30 days in advance, which shall then be effective from the subsequent Policy Anniversary.
 - The bonus utilization option will automatically change to Paid Up Additions, if not already the case, in case of assignment of the Policy.

Interim Bonus

We may pay an Interim Bonus (if any), in case of death of the Life Insured, Surrender or

maturity before the latest declared bonus rates would have come into effect.

For other than in-force and fully paid up policies, on the date the outstanding policy loan balance exceeds the Surrender Value, ABSLI shall send a notice, 90 days in advance, to the Policyholder to repay the loan amount along with the interest. Some benefits are guaranteed and some benefits are variable with returns based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits then these will be clearly marked "guaranteed" in the illustration table on this page. If your policy offers variable benefits then the illustrations on this page will show two different rates of assumed future investment returns. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including future investment performance. Premiums are exclusive of GST. The above illustration has been provided assuming that all due premiums under the policy have been paid and assuming the date of death is coinciding with the policy anniversary.
