GST and any other applicable taxes will be added (extra) to Your premium and levied as per extant tax laws. An extra premium may be charged as per our then existing underwriting guidelines for substandard lives, smokers or people having hazardous occupations etc. All the benefits are payable subject to the terms and conditions of the Policy. All policy benefits are subject to policy being in force. Policyholder and Life Insured can be different under this product. In all situations, it is ensured that the Policyholder has an insurable interest in the Life Insured. For other terms and conditions, request your Agent Advisor or intermediaries for giving a detailed presentation of the product before concluding the sale. Should you need any further information from us, please contact us on the below mentioned address and numbers.

In the above scenario, 4% p.a. and 8% p.a. are only assumed investment returns and are not guaranteed. Some benefits are guaranteed and some benefits are variable with returns based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits then these will be clearly marked “guaranteed” in the illustration table on this page. If your policy off-ers variable benefits then the illustrations on this page will show two different rates of assumed future investment returns. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including future investment performance.
